

Our Costings- How does it work?

In order to access all our other services for FREE, we ask schools to purchase just two chargeable services an academic year (as a minimum). These are Social Skills workshops and Whole-Day events. The first two sessions (Whole-Day Events and Social Skills) are always priced at the full amount (£200 or £250). The next two are priced at £100. The fifth session is always £50 and any thereafter. We've done this in order to encourage schools to book multiple sessions with us over the course of the year. The Bridge office will invoice schools each term, depending on when whether chargeable sessions have yet been run. All other services are completely free and you can book as many as you like! It means that each school can receive all our lessons/SHAPE clubs/Collective worships all year round for the basic cost of only £36 per month (by booking two Whole-Day Events as a minimum requirement). Please see the brochure for more information or call the office. Many thanks.
